Last Rites Held For V. C. Shattuck, Truckee Leader

Veteran Theater Manager Expires Following Attack Here

This region suffered a severe loss last Thursday shortly before noon when a heart attack ended the life of Vern Carroll Shattuck, 52, prominent local business man and civic leader who had resided here since 1932.

Masonic services were held Saturday morning at the Truckee Colonial Mortuary where Robert Critchley, worshipful master conducted the impressive rites. Interment followed in Forest View Cemetery at Nevada City. The pall bearers were E. V. O'Rourke, Elden Tonini, Reginald Smart, W. M. Englehart, Jr., Jack Neugebauer and Clarence Osburn.

Shattuck was a native of Corning, born August 18th, 1903, but spent much of his early life at San Jose where he attended school. In 1928 he was married to Ervina Tamblyn, member of a pioneer Nevada County family.

In 1932 Mr. and Mrs. Shattuck started the Sierra Theater Circuit and operated movie houses in a number of high Sierra towns including Downieville, Portola, Kings Beach, Truckee and other towns, carrying their equipment from one town to the other regardless of severe weather condition.

They made their home in Truckee where the deceased was active in civic affairs and served on numerous boards and committees including the governing board of the Tahoe-Truckee School District. Recently the Shattucks sold their Donner Theater in Truckee to Mr. and Mrs. Jack Neugebauer and Shattuck concentrated his efforts on the operation of the Tahoe Theater at Kings Beach.

The Shattucks were preparing to leave for the southern part of the state on their annual vacation when he was stricken suddenly at his home on Donner Lake.

The entire area was shocked and saddened by the untimely passing of one of its most well-known citizens and the community joins in extending heart-felt sympathy to the surviving members of the family.

Shattuck is survived by his wife, Ervina Shattuck, of Truckee; three brothers, Meredith Shattuck, Charles Shattuck and Byron Shattuck, all of San Jose; his mother, Mrs. Margaret Shattuck, also of San Jose and three sisters, Ada Turner, Grace Carpenter and Maud Meader. He also leaves locally his brother-in-law, William Tamblyn of Nevada City; Mrs. Emily Tamblyn, his mother-in law, Nevada City and another sister-in-law, Mrs. Arthur Hooper of Grass Valley. Also surviving are numerous nieces and nephews.

ANNUAL SKI MEET SET FOR THIS WEEK

SUGAR BOWL— The annual Northern California Inter-collegiate ski meet, sponsored by the Modesto Junior College and co-sponsored by Sierra Junior College, will be held Friday and Saturday.

The downhill and slalom will be held at Sugar Bowl on Friday and the Nordic events at the Auburn Ski Club on Saturday. Bill Klein is chairman of the race committee with Paul Chesney, Fred Earle, Jr., Jim Baker, Chelton Leonard, Ed Driller, J. Gordon Edwards and Frank Cumbo as committee members.

Entries have been received from Nevada, Stanford, Chico State, USC, Modesto JC, Sierra College, San Jose State, UCLA and California.

Driver Pays Fine When Charge Is Reduced

George Smylie of Sacramento paid a $68 fine before Judge F. W. Wilson yesterday after pleading guilty to driving on the wrong side of the highway and being intoxicated in and around a motor vehicle. A charge of drunk driving was reduced. Harold Berliner of Nevada City defended Smylie and District Attorney Vernon Stoll prosecuted.

Storm Keeps Locals From Serving On Grand Jury

The storm Thursday morning prevented four members of the venire for the Nevada County Grand Jury from making the trip to Nevada City and as a result no one from this end of the county is on the grand jury. Those on the venire were Oscar Schumacher, W. M. Englehart, Sr., F. W. Gaiennie and John Richards.

James Sherritt on the venire from Soda Springs also was prevented from attending due to the storm.

Saturday Dances

Reg Smart of Smart's at the Tahoe Truckee Wye announces the inauguration of Saturday night dances at the establishment. Dancing is from 10 to 2 each Saturday with a midnight smorgasboard.

Precipitation Here Sets New Mark; More Is Predicted

The wet snow fall last Wednesday night which deposited 29 inches in Truckee, coupled with a drizzling rain and snow Saturday night has resulted in precipitation here reaching more than double the normal figure and January's precipitation is already up to the normal for the entire month.

The U.S. Forest Service reports precipitation for the past week at 3.81 inches, while for the month the figure is 5.81 compared to a normal for January of 5.88.

The seasonal total to date is 33.05 inches or 18.91 inches over the 14.14 normal to January 31. The 33.05 inches are in excess of the normal for an entire season, the forest service said.

There is little doubt that this winter will go into the records as the wettest on record even though the balance of the stormy period stays at normal.

The snow depth at the ranger station here yesterday was reported at 31 inches, while Donner Summit reported 110 inches.

Hale To Replace Cushing On Board

Prentiss C. Hale, San Francisco department store executive Thursday was elected president of the Olympic Winter Games Organizing Committee, which will have charge of arranging the contest at Squaw Valley in 1960.

Hale succeeds Alexander Cushing of Squaw Valley who resigned from the committee, but who will present plans for the games at the Cortina, Italy, meeting this month.

Also elected to the committee at the San Francisco meeting was Joseph A. Moore, Jr., vice president and J. Stanley Mullen of Los Angeles, a director.

The committee approved the plan prepared by Skidmore, Owings and Merrill, architects, which the California Olympic Commission adopted a week ago at Sacramento. Basically the plan will provide the progress report to be made to the International Olympic Committee at Cortina.

ROTARY GIVES $100 TO FLOOD VICTIMS

The Truckee Rotary Club at its meeting Monday collected and sent to District Governor Frank B. Gregory the sum of $100 to be used for flood relief in the stricken communities of the Sacramento Valley.

E. V. O'Rourke was guest speaker and showed motion pictures of eastern cities of importance in the early history of the United States. Rex Thomas presided at the meeting.

School Ski Program Is Started In All Areas

The 1956 Tahoe-Truckee Unified School District ski program began on Tuesday. For a period of eight weeks ,each student in the district with adequate and parental permission, can take advantage of one-half day of free ski instruction, including use of lift facilities in one of the local ski resorts.

The program will be supervised by Gordon Butterfield and George Hogan.

Truckee Boys Starred In Skiing 20 Years Ago

Three well known local young men were evidencing their interest in winter sports twenty years ago, according to a Reno paper.

Wayne Poulsen of the University of Nevada won the cross-county event in the season's first collegiate ski meet at Cisco. Earl Edmunds of Sacramento JC was second and Bud Owens of Nevada was third.

Truckee PTA Meeting Set For Monday Night

The Truckee Elementary Parents Association will hold a meeting in the school edifice on Monday evening, January 16th, according to Mrs. Ray Hintz.

The meeting was postponed from the 9th of this month, due to weather conditions.

Street Clearing Project Started For This Winter

Truckee Chamber, Officers Aid State Crews On Important Job

Through the cooperation of the division of highways, the California Highway Patrol and the Truckee Chamber of Commerce, sincere efforts will be made to keep the parking areas along the main streets of Truckee open and clear.

In the initial cleanup Tuesday, Contable N. F. Dolley and Deputy Sheriff Roy Waters put in long shifts keeping cars off the street while plows worked and in many instances removed vehicles which were blocking progress. The completed task was worthy of efforts expended as the streets here were freed of all snow and ice.

Harold Welch, chamber president, said he had conferred with division and patrol officials and they have agreed to lend all possible assistance but need the full cooperation of motorists.

Under the plan agreed to, Welch said, the north side of the street will be posted with "no parking" signs between the hours of 2 and 6 a.m. These signs will be installed the day prior to the expected cleanup project to give drivers ample warning. The posting will be done only when snow removal equipment will be required to clear the street.

The highway patrol, Welch declared, will assist the division of highways and if necessary will have vehicles towed off the area to be cleared and the owners will be cited and hailed before F. W. Wilson. Wilson also has agreed to cooperate in the necessary effort.

Owners of vehicles are urged by the three cooperating agencies to assist in the program and thus avoid confusion and unnecessary expense.

Equipment can be used for the cleanup only when it is not required to be used in keeping the highways open and clear, Welch was advised.

SAUNDERS LEAVING AS NEW MANAGER IS NAMED FOR BRANCH

R. E. Saunders, manager of the Truckee branch of the Bank of America here for the past three and a half years, has received notice of his transfer to the main office at San Francisco effective January 20th. He will become loan supervisor, a worthy advancement in the organization.

Saunders will be replaced here by Lee Apple, presently with the Wasco branch. The new manager will be accompanied here by his wife and one child.

Both Mr. and Mrs. Saunders have made many friends in this area who will regret their leaving, but who will join in congratulating them on the promotion.

Tahoe Skiers Will Meet For Program Friday

A meeting of the Squaw Valley-Lake Tahoe Ski Club will be held Friday evening at 8 o'clock at the Community Center in Tahoe City. All members and guests are urged to attend. Sophia Baker will be in charge of the entertainment and refreshments will be served. President William Briner will be in charge.

Another meeting is planned for next Friday.

Daughter Born

Linda Sue Hampton, six pounds, four ounces, arrived at the Tahoe Forest Hospital at 7:15 p.m. January 9th to join the Wade Hampton family of Norden. Dr. Ben King was in attendance.

RESERVATIONS

Reservations for the luncheon meeting of the Wyethia Club to be held at Brown's Cafe Friday at 1 p.m. should be made with Brown's as soon as possible so preparations can be completed.

Daughter Ill—

Mrs. C. E. Allison was expected home from Berkeley early this week where she had been with her daughter-in-law who has been seriously ill.

SUNBEAMS

By WALTER M. BARRETT

One of the most frequently expressed concerns at the meeting of the California Olympic Commission in Sacramento last week was the fear that disfigurement of the area might result unless drastic steps are taken to prevent construction of undesirable and "temporary" type structures. Fortunately, the Nevada County Board of Supervisors finally enacted an enabling ordinance to guard against this type of construction until such time as permanent zoning measures can be enacted. Placer County has done likewise, and we can only hope that concrete action and rigid enforcement will follow. Sanitation too will offer a definite problem unless action is taken immediately. That chore locally should be the object of the sanitary boards and sanitary districts. The recent flooding of the district showed conclusively that some action is necessary regardless of the forthcoming Olympics and we believe it cannot be too strongly urged that steps be taken at once to correct what may become a serious matter and result in a definite scar on a district which faces its most progressive years.

The death of Vern Shattuck last week came as a shock to a community which had learned to depend upon him as one of its most ardent supporters in all matters progressive. Few men in the region worked harder or more consistently for the betterment of conditions than did Vern Shattuck, and while many of his accomplishments will stand as a lasting memorial to his efforts, it is most regrettable that he was taken at such an early age and right at a time when he might have enjoyed the fruits of his labor. Vern will not be soon forgotten by his legion of friends who mourn his passing.

Five Are Hurt In Headon Collision

Five people were hurt, none seriously at 4:30 p.m. Monday when cars driven by Elbert Friday, 43, Hamilton Air Force Base, and Mrs. Katherine Boyes, 31, Crystal Bay, collided on Donner grade.

Both drivers and two children in the Boyes car, Elizabeth Omlar, 8, and Debora Omlar, 5, and J. B. Cox, 42, in the Friday car, were taken to the Tahoe Forest Hospital for treatment.

Mrs. Boyes was cited by Patrolman William Gautsche for being on the wrong side of the highway resulting in a headon collision.

CHRIS NIELSON, 63, EXPIRES AT RENO

Christian Nielson, 63, widely known throughout this area and a resident of Tahoe for several years, died at a Reno hospital Friday following a brief illness. He had been making his home at Reno. Funeral services were held in that city.

PAUL LEAKE HEADS STATE TAX BOARD

Paul R. Leake, Woodland publisher, was named chairman of the State Board of Equalization by his fellow board members.

Leake succeeds James R. Quinn of Oakland on the basis of the board's annual rotation of the chairmanship.

Wakefield Back

Al Wakefield, former well known Truckee resident who transferred to Roseville when the S. P. closed its shops here, has returned to assume the work as cashier at the freight depot. The family will return as soon as school closes this spring. Needless to say, Wakefield will again be seen in action on the local basketball court.

Mr. and Mrs. I. H. Kohl returned Saturday from a trip to Nebraska.

Wolverines Win Third In Series; Defeat Reno Five

Local Team Comes From Behind In Fourth Quarter Win

The Tahoe-Truckee Wolverines added their third straight win last Saturday night, at the expense of the Reno Ramblers and to the tune of 58 to 49. It was the first time in the history of the school that one of its athletic teams had defeated a Reno group.

The Ramblers led at all quarter marks, 12 to 9, 26 to 25, and 36 to 34. But the Wolverines were not to be denied as they spurted ahead shortly after the final period opened and were never behind during the last seven minutes of the game. The Wolverines' Vaughn, Wilson and Rasmussen were able to control both backboards, which actually proved to be the margin of victory as they converted many of the rebounds into two pointers. Scoring was very evenly distributed for the varsity cagers with Rasmussen getting 14, Cooper 13, Vaughn 12, Wilson 10, and Prescott 6. This win sets the stage for the Wolverines' conference opener on Saturday, January 14th, when they play host to the Braves from Stewart.

The Reno Junior Varsity ran away from the Tahoe-Truckee Cubs in the first half of their game Saturday night, then coasted to an easy 43 to 28 win.

The Cubs were handicapped by the absence of one of their starters, Cecil Craddock, and could not find any pattern of play in the first half as they found themselves trailing 28 to 7 at intermission. They did, however, manage to get back into the game somewhat after the break, and with Ken Osburn driving and hitting and Tom Sheehan rebounding, outscored Reno 11 to 3 in the third period. Doug Cooke led the Cub scoring with 10 counters, followed by Osburn with 8 and Berger Nelson with 6. The Cubs will entertain the junior Braves from Stewart Saturday night in a preliminary game beginning at 7 p.m. There will also be a half-time entertainment contest between two picked seventh grade teams from the local high school.

CAR STOLEN IN RENO FOUND ON SUMMIT

A 1956 automobile belonging to an Italian consul was taken from a Reno airport and later recovered near a ski lodge at Soda Springs, California.

Police also received a good description of the man who parked the car at the lodge by the resort personnel who reported the vehicle being there.

Local Residents May Use School's Library

Roy Baker, librarian of the community center in the Tahoe Truckee high school said this week that seasonal and permanent residents of this district are entitled to use and withdraw books from the local library.

Baker said that by signing their name and address the readers may obtain books without a card.

Mrs. Lynn Kishbaugh has been added to the staff as assistant librarian, at the circulation desk.

Fish, Game Films Will Be Shown At Meeting

A meeting of the Truckee Outdoor Sportsmen will be held at Capitol Hall Friday evening at which time a discussion will be held relative to the new proposed fish and game regulations. Vice President Charles Osburn announces he has obtained some very interesting films from the Wyoming Game and Fish Department which will be shown and everyone is invited to attend.

HURT IN COLLISION

Mrs. Etoile Alverson of Squaw Valley was treated at the Tahoe Forest Hospital Friday for injuries suffered in an automobile collision on the Squaw Valley road. Details were not reported to the highway patrol.

Auto Registration At Truckee Office Will End Saturday

Local vehicle owners who have not yet called at the department of motor vehicles office here to obtain their 1956 registration plates are urged to do so before Saturday.

After that date, Glenn Freeman, in charge of the local office, announced that the office will be closed until after the end of the renewal period on February 4th. Local vehicle owners then would be required to send their applications to Sacramento for processing.

By obtaining plates through the local office, vehicles would be easily indentified and provide a convenience for the owners themselves, but would assist clerks at the state's quarantine station and officers of the highway patrol in quickly identifying the vehicle.

Basketball Games To Start Jan. 19th

The 20-30 Club and the Pacific Telephone Company will start the Truckee Athletic Club basketball league games at 7 p.m. on Thursday, January 19th in the Tahoe Truckee high school. The initial game will be followed by teams from the St. Louis Cafe and Jim's Barber Shop.

The athletic club has been requested by the school authorities to keep all spectators, both adults and children off the playing floor. This is to prevent injuries and lessen marking the floors.

Also, it has been requested to the club that no smoking be allowed in the school building in compliance with a state law.

20-30 CLUB PLANS FOR APRIL SHOW

A play will be presented by the members of the 20-30 Club in April to raise funds for community projects, James Morhain, the club's president, in charge of Wednesday's meeting at Smart's, announced. Dr. Robert Affeldt was guest speaker, illustrating his talk with pictures of the Orient.

One hundred per cent member attendance, augmented by guests Dale Stricklin, Jeep Reid and Tom Grow and past active members Robert Madge and Lynn Kishbaugh attended.

CHANGES IN LOCAL SERVICE STATIONS

Changes in the operation of two local service stations was announced this week. Dale Stricklin has taken over the management of the Chevron Station in front of Osburn's Buick Garage while the former manager, Kenneth Gordon has assumed charge of the nearby Shell Station for Jack Ellis, who will devote his full time to his Shell distributorship.

CHAMBER ELECTION HERE ON TUESDAY

Officers will be elected at the meeting of the Truckee Chamber of Commerce to be held at the high school Tuesday, January 17 at 7:30 p.m. President Hal Welch announced.

All members and those interested are urged to attend and take part in the discussions and selection of new officers.

FUNERAL SERVICES FOR SUSAN GORDON

Funeral services were held in Oakland today for Mrs. Susan Gordon, a former well known Hobart Mills resident.

Mrs. Gordon had been a member of Truckee Chapter No. 116, Order of the Eastern Star for many years and was a past matron of the lodge.

The deceased was the wife of the late Pete H. Gordon and is survived by a daughter.

Hits Plow

No one was injured when a car driven by Elizabeth Kelley, Oakland, skidded into a rotary plow operated by Chuck Merica of Soda Springs near Norden Tuesday morning.

Details Revealed For Holding '60 Olympics In Area

Governor Willing To Aid In Event Necessity Demands

Governor Goodwin J. Knight last week, following the meeting of the California Olympic Commission in Sacramento, said he hoped that it would not be necessary for him to fly to Cortina, Italy, later this month and that he would do so only if it became necessary to save the games for California in 1960.

The commission, in a resolution, asked the governor to lend his support to raise the required $5,000,000 to finance facilities for the games during the next session of the legislature, and to go to Italy, if possible, to support the local bid at the International Olympic Committee session two weeks from now.

The governor did say he would urge the legislature to vote the necessary money from the tidelands oil fund since he felt the games would do much to promote the state's recreational interests, with winter sports now a $25,000,000 annual industry. It was also pointed out that the cost would be offset by returns from the games through television and radio rights, admissions and sale and lease of facilities.

The commission adopted in principal the report by Skidmore, Owings and Merrill, calling for holding the games on 60 acres of public land in Squaw Valley, eliminating the necessity for using any private lands.

Recommendations

This report embraced the following conclusions and recommendations:

1. The Winter Olympic Games can successfully be staged at Squaw Valley in 1960.

2. It is estimated that the normal resident and transient winter population in the Squaw Valley area, excluding Reno, will reach approximately 15,000 persons by 1960. It is anticipated that approximately 1,200 athletes, including trainers and coaches, 200 Olympic officials, 500 press and approximately 30,000 spectators will be present at the games.

No Private Cars

3. It is recommended that no private cars except those of the official Olympic family and normal valley residents be allowed in Squaw Valley during the games. Spectators' cars should be parked either at Truckee or Tahoe City and spectators should be transported from these points to Squaw Valley by shuttle bus service.

4. It is recommended that all new facilities to be built for the games, with the exception of the bobsled run, be placed only on U.S. Forest Service land. A lease has already been arranged on private property where the best site exists for the bobsled. Structures should be capable of being removed from the site after the games, unless a definite need for their future use exists. All facilities and their siting should be planned to harmonize with the natural beauty of the valley.

Olympic Village

5. It is recommended that housing adjacent to the site of the games be built in Squaw Valley for the estimated 1,200 athletes, trainers, coaches and managers.

6. It is recommended that all skating areas be artifically refrigerated.

7. It is recommended that a ski lift be installed to service ski jumps and that the existing chair and Poma lifts be extended.

To Cost $4,982,000

8. The total estimated preliminary cost to provide the necessary facilities to stage the Winter Olympic Games at Squaw Valley in 1960 is $4,982,000.

All members of the commission, Charles Blyth, chairman; John Jewett Garland, Reese Taylor, Allen D. Christiensen and Walter M. Barrett and Executive Secretary P. K. Macker attended the meeting State Finance Director John Pierce represented Governor Knight at the session attended by 100 interested persons.

New Auditor For Board Assumes Work In Area

James Knight formerly of Quincy now living at Nevada City is becoming acquainted with residents of this area where he is representing the state board of equalization in the auditing department.

John Wogan who formerly held that position here has received a promotion with the same state department, his headquarters now being in Sacramento.

To Make Purchases

Mr. and Mrs. Charles Heller plan to go to Sacramento tomorrow to buy merchandise for Heller's Variety Store.

Mrs. Heller had returned on Saturday from the capital where she attended a meeting of the Order of the Eastern Star.

NEWS NOTES FROM TAHOE

by Ethel Joslin Vernoh

Nice Weather

Once again the Tahoe weather cleared beautifully for the greater part of the weekend. On Friday afternoon the storm wind rose and blew quite furiously, and just about dark the air was so full of powdery snow that the nearest street lights made a misty golden blur. The blizzard raged from six o'clock til 10 p.m., when all at once the dark clouds floated over the horizon and disappeared, leaving the violent wind to blow its fury out by raising clouds of fine snow from the plowed highway.

22 Inches Snow

Weather Observor Art Frodenberg measured 22 inches of new snow in last Wednesday's snowfall, and said that 8 inches more were stacked up in Friday's short blizzard. Temperatures remain normal for the season, with the thermometer registering slightly above 40 in the shade at mid-day, and falling as low as 28 late at night.

Long Trip

On Friday morning, before the storm wind really showed its teeth, three Tahoe citizens left for Reno on a shopping trip. They were Mr. and Mrs. Ralph Burgett, accompanied by neighbor Harold Farr. Farr said that before they left on their way home the snow-blizzard had developed there until they could see only a short distance ahead of their car. He said it took them over two hours to drive from Reno to Verdi. From Verdi to Tahoe it took three and a half hours more, as they drove against a snow-laden head wind all the way. In fair weather the drive from Reno to Tahoe usually requires an hour and a half at most.

Cleanup Work

Following the clearing of the weather after last Wednesday's heavy snowfall there was a general clean-up throughout the town. The state and county snow plow crews were very busy for a while shoveling the drifts away from the sides of the highway and around the post office entrance. The county plows also cleared the road from the main highway to the school house, which had been drifted deep with snow during the storm. The school had to be closed on Thursday and Friday, as Wednesday's storm had made it impossible for most of the students to reach the school house. The teachers say the two days will have to be made up during the Easter vacation.

Mrs. Mitchell Back

Mrs. Jeanette Mitchell, who moved from her Tahoe home to Sutter early last summer for health reasons, moved back to her lakeshore home near Pineland during the New Year holidays. Her medical advisors discovered that her trouble was not serious heart ailment after all, and that it is quite safe for her to live at Tahoe. Jeanette's many friends in this region will be glad to know that her health has improved 100 per cent. and she is her old healthy self again. Her young son Dale is delighted to be at home again and enrolled in the Tahoe Lake School for the remainder of the term. Her husband, Imon Mitchell, will remain in Suttter for the winter, as he is steadily employed there for the time being.

Home Opened

The new Mayhew home on the lakeshore at Tahoe Park was opened for the week following the New Year. Mr. and Mrs. Clarence Mayhew, with their daughters Joan and Anne, motored up from their winter place in Piedmont and entertained several house guests from that city with a few days frolic in the winter sports areas. Among others who opened summer homes along the lakeshore for the New Year holiday were the Robert and Wallace Breuner families of Sacramento. These two Breuner homes are situated near the Homewood vicinity. The three other Breuner brothers own homes on the lake shore in the North Tahoe localities.

House Guests

As house guests in the Phil Geier home in Tahoe Park through the recent holiday week were Mrs. Gier's daughter and family from Arcadia California. There are Mr. and Mrs. C. F. Bailey and children Susan and David. The family greatly enjoyed the holidays in the snow sports area, and left for their Southern California home just ahead of the latest storm.

Attend Meet

Several of this region's residents in Sacramento last week on business, found themselves conveniently situated to attend the Olympic Commission meeting held there on Wednesday. Among those who attended the meeting from this region were Mr. and Mrs. Wayne Poulsen and manager Alex Cushing from Squaw Valley, and Mr. and Mrs. Jack Starratt of Tahoe City.

On Trip

On Monday this week Mr. and Mrs. A. M. Henry motored to San Francisco by way of Auburn and Sacramento, for a week of combined business and pleasure.

Hold Meeting

On Thursday this week the Women's Club of Tahoe are holding their regular luncheon-meeting in the Tahoe Inn dining room at 2:30 p.m. A social afternoon was planned following the luncheon, with everyone cordially invited. The announcement was made by corresponding secretary, Louise Geier.

New Year Party

The Edwin Letts summer home, "Letts-Stay", on the lakeshore at Sunnyside, was opened for the New Year holiday season by young Bill Oliver, grandson of Mrs. Edwin Letts Oliver. Oliver had as house guests for a few days a group of college friends from the Bay area, and the young people enjoyed the snow sports at Granlibakken. Tahoe friends were informed that Bill's grandmother, owner of the home, has been confined to the hospital since Christmas.

House Party

Hank Searles of Piedmont, son of Dr. and Mrs. H. H. Searles, recently opened the family summer lodge at Carnelian Bay, and a group of his young friends enjoyed a mid-winter house party there.

Attend Funeral

Many friends in this region were saddened during the past week by the untimely passing of Vern Shattuck, former theatre manager of Truckee and Kings Beach. Several of his friends and Lions Club brothers from this locality attended the funeral services held in Truckee on Saturday.

Mild Attack

E. H. Pomin, manager of Pomin's Cottage Court near Tahoe City, suffered a slight heart attack about ten days ago while on vacation in the Bay region. He remained in the St. Joseph's Hospital in San Francisco for a few days, under treatment.

INCREASE REPORTED IN SOCIAL WELFARE

SACRAMENTO (CNS) The state department of social welfare announced a $142,000 increase in public assistance spending during November, and a total expenditure for the month of $28,648,401.

The department said the increase resulted from increased expenditures of county hospitals for treatment of aged persons as authorized by the 1955 legislature.

General relief cost $51,000 more in November than in October, but was $127,500 below expenditures for November of last year.

Robbery Incident Told At Meeting Of Rotary

TAHOE CITY— The Tahoe City Rotary Club met at Tahoe Inn Tuesday evening for their regular dinner-meeting, with President Steve Korich presiding and 22 members present. No program was officially scheduled for this occasion because of unpredictable weather conditions.

The president announced at this time that the community motion picture show which had been set for the following evening in the school auditorium, had to be set ahead one week. The film ordered for the occasion could not be delivered here at this time.

An impromptu speaker for the evening was member Warren Porter, local merchant, who was just home from a holiday vacation in the bay region. He told of an exciting adventure he and Mrs. Porter experienced in a cottage court where they spent a night shortly before returning home. He said that while they both slept soundly their room was entered by a burglar who, from all appearances, had come in by the window. He had helped himself to Porter's wallet and took all the money from Mrs. Porter's purse, before leaving by the same window. The Porters realized they had been robbed the next day when they began to look for money which to pay their bills.

Will Retire

R. E. Hallawell, general manager of Southern Pacific operations in six western states, will retire February 1st after nearly 42 years of railroading, the company announced today.

He will retire also from a number of top positions with several SP subsidiary companies.

STRICTLY STRICKLAND

By Bill Strickland

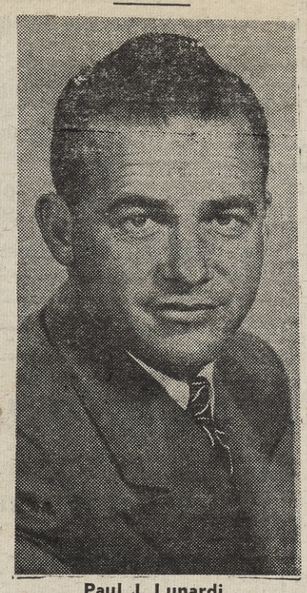
Carl Buek, director of the Buek Ski School is surrounding himself with a staff of excellent instructors. One of the latest to join is Babette Haueisen, who helps out on weekends to fill the need. Babette was the top competitor for the Sugar Bowl for the past couple of years, winning the Silver Belt Race at the end of last season. She made the loop of major races last year with a big first win of the Roch Cup Race in Colorado, and the final in the Bowl. Others on the staff are Tom Stowell of the Pacific Northwest Ski Association. Hal Courtney, a top racer turned weekend instructor; Lee (Oley) Yip, our favorite Chinese Norski; Tom Eisner, a veteran instructor of several winters. Dick Baldry of Sacramento, who has been Carl's right hand man of the past four years; Jim Winthers, one of the best for teaching or as a race coach, helping until the Ski Ranch gets into operations, and yours truly getting back into harness again in order to have time to work with the juniors of the American Legion Ski Club. George Jelton is co-director with Carl, and has on several occasions of necessity stepped right in and taken his turn.

Our American Legion program is starting to roll ahead full steam. We have applied for membership with the Far West Ski Association, so all club advantages will be available to all the junior members. We will send Junior contenders to the meet at Yosemite the end of this month. Since Post No. 811 will pay the bills, it will be an opportunity for some of you youngsters to go, where it might not be possible otherwise. So hurry up and contact us, will you?

We've been watching Glenn Parsons of Trailsyde Lodge keep himself really busy this past week or so. Besides running his Ski Lodge, he also hauls our crop of young moppets back and forth to school, and someplace along the line, he also finds time to get his big rotary out, and plow out the off-highway parking areas. With the amount of snow we've had since Christmas, that alone has been almost a full time job, and certainly, one very well done.

A recent visitor was Col. Tod Sloan, U.S. Army, Retired. He is now the head of the N.R.A. (National Rifle Ass'n) on the west coast. He tells us that over 30,000 16 year olds took their test and were licensed to handle firearms. Out of the 30,000 there was only one fatality this past hunting season. The adults? No, they didn't do so well—27 in California alone. Guidance for the youngsters now will certainly pay big dividends later.

ROSEVILLE MAYOR SEEKS STATE POST



Paul J. Lunardi

Paul J. Lunardi, mayor of Roseville, today announced his intention to run for state assemblyman for the sixth dstrict, encompassing ten northern and eastern California counties.

Lunardi, a democrat, announced he expects to file on both the democratic and republican tickets.

A city councilman in Roseville since 1950, last year was reelected to the post with the largest vote ever accorded a Roseville official. He has been mayor since that time.

A native of Roseville, Lunardi is a graduate of Roseville High School in the class of 1940, and attended Sacramento's Western School of Business. He served three and a half years with the U.S. Coast Guard during World War II. He is married and the father of three children. He operates his own business in Roseville.

Tahoe-Truckee School District News

DONNER TRAIL

We have started a new science series of experiments for this year. We have already done one of them. It is a method of finding the balance of a stick or board. We use the yardstick as a guide, and by adding weights onto the end of the stick we find the balance. It is very interesting and mystifying.

The younger group of children have some new type blocks for making anything from a steamship to a castle.

Ous school week was cut short because of the storms and lack of heat and power.

Inadequate Tests For Drivers Hit By Mason

SACRAMENTO (CNS)— Lack of individual driver responsibility and inadequate driver testing and licensing were blamed today as contributing factors in the record death toll on the highways of California and the nation during the Christmas holiday.

Paul Mason, state director of motor vehicles, suggested these causes in response to a query from Andrew J. Sordoni, president of the American Automobile Association, Washington, D. C.

Mason urged stronger traffic law enforcement measures and stronger legislative backing of testing and licensing programs as remedies to the mounting slaughter on the highways.

Electricity *proves most* Efficient

— 0 —

Technical Bullitin No. 1073 of U. S. Department of Agriculture entitled "Comparative Utilization of Energy by Household Electric and Liquefied Petroleum Gas Ranges, Refrigerators and Water Heaters."

Results of the researchers of the U. S. Department of Agriculture indicate that electricity is far more efficient for all three purposes.

FOR COOKING, the study showed that bottled gas ranges used: 1.6 to 2.34 times as much energy (measured in BTU's) as electric ranges for top-of-range cooking: 1.89 to 2.48 times as much energy in oven operation, and 1.82 to 2.33 times as much energy for combined top and oven operation.

Bottled gas **REFRIGERATORS** "used considerably more energy under all conditions of test than did electric ones," the study showed and gas **WATER HEATERS** used from 1.49 to 2.22 times as much energy as electric units.

VFW Auxiliary Starts Hospital Aid Project

KINGS BEACH— Mrs. Ethel Antonson, president of the VFW Auxiliary No. 7077 announces that the project for the group for this winter is preparing bed pads for the Veterans Hospital at Reno. The quota for the auxiliary is 500 and a request is being made for all discarded sheets, pillow cases and other soft materials which can be used in the work.

Doners are requested to contact either Mrs. Antonson or Mrs. Pearl Moore who will appreciate the materials.

HEALTH CONFERENCE

KINGS BEACH— A child health conference will be held at Carpenters Hall, Kings Beach, at 1 p.m. Thursday, January 19th, the Placer County Health Department advises.

JAMES K. TACKETT OF TAHOE EXPIRES AT AUBURN HOME

AUBURN— Funeral services for James K. Tackett, 71, a retired brick mason, and former Tahoe resident were conducted Wednesday in Auburn. Burial will be in the Auburn District Cemetery.

He is survived by his wife, Dora of Auburn; sons, Keith of Garden Grove and Harry and Rex of Artesia; daughters, Mrs. Geraldine Bergquist of Auburn and Mrs. Minola Olander of Mountain View; brothers, Fred of Imperial, Neb., and Charles of Canyon City, Colo.

A native of Missouri, he resided in Auburn for 10 years. He died Saturday in Auburn.

LAKE LEVEL

TAHOE CITY— Lake Tahoe Monday stood at 6226.73 feet with all gates into the Truckee river closed. There were 48 inches of snow on the ground at Tahoe City. Temperatures for the week ranged from a cool 10 above on Sunday to 41 the same day.

FOREST SERVICE COUNTS DAMAGE DONE IN FLOODS

A preliminary report of the flood damage to Tahoe National Forest improvements sets the loss at $130,000, officials of the forest reported, after a quick overall survey. Due to the fact that most of the forest is located in snow-covered high elevation, an accurate assessment cannot be made at this time.

Further studies of roads, bridges, campgrounds and telephone lines will be made just as soon as possible in order to get a more accurate survey of the damage. Consideration is being given to the use of a helicopter to gain access to bridge sites and other improvements that are snow-free, but are inaccessible. According to Forest Engineer J. Marvin Shock, the real damage will not be definately known until the snow melts in the spring.

All during the storm, rangers were taking hourly readings of water flows in the main rivers and streams of the forest and were reporting their findings hourly to the Sacramento office of the U.S. Corps of Engineers. The measurement stations are located at key points by the engineers and are manned by forest service personnel.

Hampshire Damaged

During the height of the flood, the large and popular Hampshire Rocks Campground on Highway 40 (at Rainbow) was covered with 5 feet of swift-flowing water. Considerable loss is expected here. The Oregon Creek campground at Freeman Crossing on Highway 49 was also covered with 5 feet of water Ranger Horton reported.

The wing wall and approach to the Poorman Creek bridge on the Washington-Relief road was completely lost. The Relief Hill road, which runs from North Bloomfield to Washington will be closed for several months.

Perhaps the most serious loss was the damage to the Mosquito Ridge road bridge in Placer County. This bridge crosses the North Fork of the Middle Fork of the American River and is located on the important Mosquito Ridge forest highway (a timber access road). It was constructed late in the 1940's at a cost of $250,000. Two piers were washed away, but the bridge is still in place. It is closed to all traffic until these piers can be replaced.

The preliminary report sets the flood damage as follows: Roads, $60,000; bridges, $40,000; campgrounds, $15,000; trails and telephone lines, $15,000.

$50,000 Damage Suit Filed In County Court

NEVADA CITY— A $50,000 personal injury suit against Pete Glenos and Arthur Scaramo, doing business as Sierra Logging Co., First Doe through Third Doe and Doe Corporation has been filed in Nevada County Superior Court by Truckee Attorney William A. Carver on behalf of John M. Ferguson, Jr.

The complaint alleges that on Oct. 16th, 1954, while employed by the defendants in connection with logging operations and working of the defendants' Sierra Logging Company and in its performance of a logging contract with Truckee Lumber Company at or near Soda Springs Ferguson sustained injuries to his body and particularly his left hand, through carelessness and negligence on the part of the company and individuals in providing a safe working place and devices and their failure to properly inspect and maintain the same.

In addition to the $50,000 for personal injuries to Ferguson, the complaint asks $1,920 for loss of wages while defendant was injured, medical expenses in the amount of $829.20, any additional expenses known at the time of trial of the action and cost of torn and injured work clothes.

GRAND JURY FOR 1956 IS SELECTED

NEVADA CITY— Organization of the 1955-56 grand jury for the County of Nevada was held last week in Nevada County Superior Court. The following 19 persons were named to serve by Superior Judge James Snell:

Fred Bruhns, Chicago Park; Eileen Struckman, Pet Hill, Rough and Ready; Dave Moore, Allison Ranch, Grass Valley; James Vincent Lillich, Tahoe-Ukiah Highway, Nevada City; E. F. Sewell, Anthony House Smartville; Pete Segrist, Burma Road, Grass Valley; Clarence Black, Clear Creek, Grass Valley; Louise Hines, Burmas Road, Grass Valley: Clarence Williams, Champion Mines, Nevada City; Jay L. Meyers, Grass Valley; Frank Angelini, Nevada City; Chester Clemo, Nevada City; Bernice Glasson, Grass Valley; Jack Truscott, Grass Valley; Chalmer F. Shamberger, Willow Valley, Nevada City; Charles Kitts, Town Talk, foreman; Dr. Harry A. Hill, Cottage Hill; Thomas Lawrence, Nevada City and Ernest B. Harber, Willow Valley, Nevada City.

Mr. and Mrs. Bob Campbell of Tahoma have been recent Reno visitors.

The address of J. Marsh of Tahoe City has been changed to Berkeley.

Baby Named—

Douglas Emery were the given names chosen for the baby son of Mr. and Mrs. Emery Lander born last Tuesday at the Tahoe Forest Hospital.

CHARLES OSBURN, Manager

NORTH TAHOE

By JUDGE HARRY CHARRISON

Trip

Francis Wallace has returned from a trip to San Francisco where she had a visit with her family but got caught in the big rain storm on the way back, having to stop at Nyack Lodge for a day.

And Another

Barbara Mallory had an enjoyable trip to Monterey Park. While she had a very delightful time, the first thing she said was it was nice but what a beautiful place to come back to.

Neighbors

Met the A. H. Thompsons yesterday, and was surprised to know that they had bought a place on the golf course right next to Bill and Mrs. Perry. Now I hear they have been there off and on for nearly two years. Nice neighbor I turned out to be, huh?

Post Office

Coming along with the times, Carol Howard, postmaster of Kings Beach, informs me that there was a big increase in the business at that post office during 1955, which goes to prove the necessity of a bank in the area. The money received amounted to $288,476.46 of which $270,607.19 was entirely in money orders, an increase over the previous year of $56,600.01. We sure wish to commend Carol and her staff for the excellent work during the year.

Weather

Well this is Sunday morning and it is brilliant, after the light snow storm of yesterday, you know how good it is to get outside and enjoy the sunshine. This snow was of a dryer variety, just right for the ski slopes. There was quite a lot of people up again this past weekend, but nothing like the week before, we were in Reno on business last Friday and coming back got up to Spooners Pass and had quite a time. You can imagine what it was like. There were about 30 car caravans lined up putting on chains, and a couple of trailers across the road, so we lost about 50 minutes standing there wishing for the good old summer time to roll around.

Schools

The students have had a real vacation period, all through Christmas and New Year and then another big weekend, as the schools were closed last Thursday and Friday, which didn't seem to make the students mad one bit.

Goes South

Young Davey Ashton took his dad's truck way down to Pasadena. Left Saturday and had a pretty tough time, but with nerve of these youngsters, he made it to Bishop in around nine hours. I guess Conway summit was bad. Davey hopped a bus and returned to Reno and home.

Bereavement

It is with sadness in our hearts that we hear of the passing of our old and valued friend Vern C. Shattuck. Vern was a very good friend of mine, having worked together in the Tahoe Theater here at Kings Beach for a few years. It is hardly necessary to go into the sad incident too deeply because that is done in another part of the paper, by those that knew his for many more years than I. But we, of this community, wish to express to Mrs. Shattuck and the many relatives our heartfelt sympathy.

Injury

I hear that Dave Hall of the highway department is still at home suffering with his back. Dave injured it some two or three years ago, and has never really gotten over it, I guess it will take a little more time and then it will be O.K. We hope so anyway, Dave.

Roads

Just thinking about the Olympics, and how the road situation is going to effect some parts of the lake area. A state road department man was telling that the Emerald Bay district has the biggest slide ever and if cleared will cost several thousands of dollars as it reaches from the top of the mountain right down to the lake front. Well it might have some bearing on the bridge that is often talked about. That would certainly be a boon to the whole lake area, and not too expensive at that. Even when it is cleared this time it will still come next year and every year after.

Bon Voyage

Now it's the Tom Lucases and the Andy Andersons that are taking a trip to Mexico. Andy and wife were there last year so it must be really worth while.

BOYINGTON NAMED HEAD OF BOARD

AUBURN— John Boyington, for 20 years a member of the board of supervisors from Loomis, was elected chairman of the board for 1956 Tuesday. It is his first term as chairman, and he succeeds Wesley Waddle of Auburn. Named vice chairman was J. B. (Brick) Paolini of Roseville.

Boyington's name was placed in nomination by Paolini, with the board according him a unanimous vote.

His first act as chairman was to re-appoint Supervisor Frank Paoli of Colfax as Placer's representative on the Weimar Sanatorium governing board. Paoli is present chairman of that board. Boyington then announced he would review existing committee assignments of board members and make known his reappointments next Monday.

LEWIS FELLOWS IS SKI MEET WINNER

CARNELIAN BAY— Lewis Fellows of Carnelian Bay, Lake Tahoe was third with 175.5 in the ski jumping at th erecent Bijou meet. Fellows was entered for Sierra College.

The University of Nevada won the somewhat informal cross country and jumping tournament Friday and Saturday which ended a four day Nordic training camp for intercollegiate skiers.

The Wolfpack scored a clean team sweep to wrap up the tourney with 191.3 points.

Second spot went to San Jose State, 163.7, followed by University of California at Los Angeles, 163.6; Modesto Junior College, 156.3; Sierra College, 137.4; University of California, 136.6 and Stanford University, 69.6.

DAVIS WOMAN GETS CONTROLLER POST

SACRAMENTO— Robert C. Kirkwood, state controller, today announced the appointment of Mrs. Patricia G. Sikes, Davis, as administrative assistant to the state controller.

For the past year and a half Mrs Sikes has been with the Department of employment, where she served as executive assistant to the California Employment Stabilization Commission, and as information officer. Prior to entering state service she was a member of the editorial staff of the Woodland Daily Democrat.

We are beginning a new year, one which has great promise for our area, one in which your chamber of commerce is destined to play a major role. We have made some great strides forward in this past year and there is still much to be done in a rapidly growing community such as ours. Therefore I cannot stress too strongly the need for cooperation among all the people of the area in order that we may grow and prosper, thereby reaping a harvest for all.

I have called a meeting for this coming Tuesday evening at the high school cafeteria, time 7:30 p.m. Lets all start the new year right by attending this all important meeting. It is election time again for all officers and your board of directors. The more people who participate, the better your organization will be, and the greater its accomplishments.

A few days past your chamber asked the state division of highways and the California Highway Patrol to take over our Main Street during snow storms to help expedite the removal of snow as soon as possible after storms. The street will be posted with signs reading 'No Parking' between the hours of 2 a.m. and 6 a.m. Everyone will be given twelve hours notice, then if there are any cars still in the posted area after 2 a.m. they will be tagged and towed away. This means everyones car including yours and mine.

I want to commend the highway department for the swell clean-up job just completed.

See you all Tuesday evening at the high school. Remember it is election time and we need everyones support to have a truly representative chamber.

—Hal Welch

Floriston Man Escapes As Car Is Demolished

Lyle Ingells of Floriston did some fast thinking and that saved his life during a storm just west of of Reno last week. Ingells had parked his vehicle in a row of cars stalled on the icy road and glancing into his rear-view mirror saw a Conyes Company tanker and trailer careening down the highway.

The Floriston man leaped from his car and ran across the road just as the tanker, which had crashed into other vehicles in the string toppled over crushing the Inglels car flat.

Recommendations For Fish Season Are Heard

Recommendations by the department of fish and game for a reduction in the trout bag limit from 15 to 10 fish, a year around trout season in eight southern California counties, a reduction in the striped bass limit from the present four fish to three, and an increase in the minimum striper size limit from 12 to 16 inches highlighted the January 6th meeting of the fish and game commission in Sacramento.

Hundreds of recommendations were received from the Department, from organized sportsmen's organizations, other recreational groups, and from individuals.

All will be considered by the Commission, which will make public its tentative determinations at least 15 day before February 24th, at which time regulations will be adopted in Los Angeles. The public still may protest the determinations at that time, or make counter proposals.

CHURCH NOTES

A fund of $100,000 for flood relief was sought Sunday, Jan. 8, by Methodist churses of northern California and Nevada, including the Community Methodist Church in Truckee according to the Rev. Wesley H. Osman, pastor. Any who still feel they would like to give will have opportunity until next Sunday Jan. 15th.

The Intermediate Fellowship (7th & 8th graders) is starting a new series of programs and all are urged to come at 5 p.m. on Sunday evening. Refreshments are being served.

The high school MYF meets at 7 p.m. and will hold a new election of officers among other activities.

The women's Society of Christian Service will hold its regular meeting at the home of Mrs. Jack Ellis on Wednesday, January 18th at 1:30 p.m. A special movie will be shown on the work of the United Nations. It is called, "World Without End". It will show the work that is done that is non-political in nature dealing with the work of the special agencies of the U.N. such as the World Health Organization and the Children's Emergency Relief Fund. Refreshments will be served following the meeting.

Rebekah Lodge Seats New Officers At Meet

On Wednesday evening January 11th, 1956, Naomi Rebekah Lodge No. 2 held formal installation of officers. Officers were installed by Mrs. Charles Heller, district deputy president for this district, and her staff. Installed to serve for the coming year were noble grand, Laura Horman; vice grand, Bess Reid; secretary, Lucille Bick; treasurer, William Carver; financial secretary Dorothy Piche; chaplain, Elmay Philippi; warden, Josephine Thomas; conductor, Kathy Gall; inside guardian, Janet Franklin; outside guardian Virginia Robarts: RSNG, Pearl Heller; LSNG, Edith Welch; RSVG, Eleanor Capel; LSVG, Georgianna King; color bearer, Dorothy Slack; Musician; Winifred Kamp; altar bearers, Thelma Norris and Shirley Hawkins.

Incoming Noble Grand Laura Horman was presented with a bouquet of red roses by her husband and family. Outgoing Noble Grand Lenore Vind was presented with her past noble grand pin by the Lodge.

Refreshments were served by Mrs. Josephine Thomas, Mrs. Kathy Gall, Mrs. Ted Franklin, and Mrs. Wilbur Glenn.

The members are reminded that the next meeting, January 25, will be an important one as the new officers will be instructed in their new duties.

Operator Escapes When Plow Crashes Bridge

One of the Nevada County snow plows was out of commission for two days this week after a narrow escape from a 35-foot plunge into the Truckee river off the Boca bridge. The operator, Orlin Waters was not injured.

Waters was clearing the county road and the bridge of snow when the heavy vehicle apparently got out of control and ripped out a section of the guard rail and hung suspended over the river before it was controlled.

It took the combined effort of two crews and several pieces of heavy equipment to get the plow back onto the bridge.

Trial Is Under Way

NEVADA CITY— Trial of the $100,000 damage suit being heard in the superior court went into its third day as Jack W. Ellis, Truckee offered evidence he was permanently injured near Donner Summit October 4, when a car driven by Robert C. Arney swerved off the highway into roadside boulders.

Ellis was a passenger in the car.

Idaho Visitors—
Mr. and Mrs. Harold Langille were Idaho visitors last week.

In Woodland—
Mr. and Mrs. Frank Giovannoni and family were Woodland visitors last weekend.

From Texas—
Mr. and Mrs. H. H. Thompson arrived home during the holidays from a visit in Texas.

TRADEWINDS OPEN FOR WINTER WITH AMERICAN DISHES

KINGS BEACH— That North Tahoe is speedily becoming a winter and well as summer resort area was again indicated this week when Joe Ross announced that his popular Tradewinds will be open for the winter. Associated with Ross during the winter season are Bea and George Ridgeway, well known local couple.

Mrs. Ridgeway, widely known for her excellent cooking, is in charge of the kitchen.

For the time being at least the Chinese dinners which are featured at the Tradewinds during the summer season are not being served but Ross indicated that if this winter's opening proves successful he plans to inaugurate Chinese cooking next winter.

The cocktail lounge is open and friends and visitors are invited to drop in any day of the week.

CURTIS CLARK WILL HEAD SUPERVISORS

Curtis Clark of Nevada City, supervisor from District No. 1, was named to chairmanship of the Nevada County Board of Supervisors for 1956. He succeeds John L. Frank of Grass VaVlley from District No. 3.

Clark took the chair at noon following disposition of all old business for the year. He has served on the board for the past three years.

Date for the mid-month meeting of the board was set for Thursday, Jan. 19, at 10 a.m.

Hurt In Crash

Mrs. Loretta Younce, 39, Dos Palos, suffered major injuries at 3 p.m. Tuesday when a car driven by Leycel Younce was wrecked at the Flycasters curve. Vejar Owens, 38, suffered minor injuries. The injured were taken to Tahoe Forest Hospital by Truckee ambulance. Patrolman Roy Stallard investigated and cited the driver.

Emerald Bay Road Out

The division of highways reports that between 500 and 700 feet of the mountainside above Emerald Bay has slid over the road and it is not known whether or not the highway itself is gone. The road is normally closed at this time of the year, but the recent rains may have caused permanent damage.

Three Fractures—
Bermann Rudolph,, Albany; Missy Tiss, West Los Angeles and David Bryant, San Francisco, each suffered a spiral fracture of their right legs in skiing accidents during the weekend. They are at the Tahoe Forest Hospital.

At Roseville—
Mrs. Michael Goicoa and children have been visiting her parents, Mr. and Mrs. Jesse Lung at Roseville.

READ ALL THE ADS!

Friends of Mr. and Mrs. Ray Scott now living at Delano have learned of the illness of Scott and their daughter, Patricia with an attack of valley fever during the holidays.

Recuperating at Home—
Mrs. Laura Meiss has returned to her home in Sacramento where she is recuperating, following a recent serious operation, friends will be glad to learn.

Tarzan

by EDGAR RICE BURROUGHS®

IN THE DUNGEON OF THE MIDIANS, TARZAN LEARNED FROM HIS FELLOW PRISONER, LOT, THAT WALKER INTENDED TO STEAL THE SACRED GODDESS.

"THE GODDESS HAS ALWAYS BEEN VEILED IN *MYSTERY*," SAID LOT THOUGHTFULLY. "EVER SINCE OUR FOREBEARS CARRIED HER AWAY IN THEIR RETREAT FROM THE HOLY LAND--"

"THIS MAN WALKER AND HIS PARTNER WERE HISTORIANS. THEY HAD TRACED OUR ANCESTORS' FLIGHT AND CAME HERE ON RESEARCH. THEY WERE DECENT ENOUGH--UNTIL THEY SAW THE GODDESS!"

DICK VAN BUREN JOHN CELARDO

"I CAN HARDLY BLAME THEM," SAID TARZAN. "SUCH HAUNTING BEAUTY--" LOT SIGHED, "YES--SHE HAS BEWITCHED MEN FOR CENTURIES..."

...MEANWHILE THE *BEWITCHED* MEN HELD A MEETING ON THEIR BOAT. "TONIGHT'S THE NIGHT," SAID WALKER. "WHEN I SACRIFICE THE PRISONERS--"

Copr. 1956, Edgar Rice Burroughs, Inc.—Tm. Reg. U. S. Pat. Off.
Distr. by United Feature Syndicate, Inc.

"I CAN FEEL THE MONEY NOW," HE EXCLAIMED GREEDILY. "THAT MILLION BUCKS WE'LL GET FOR THE STATUE!"

"YOU KNOW YOUR JOB, SLADE," CONCLUDED WALKER. "SO SEE THAT THERE AREN'T ANY DISTRACTIONS FROM JEZEBEL!"

I COPIED DOWN EVERY NOTE AS THIS FABULOUS OLD COOT PLAYED IT! I TELL YOU HE'S AN **OVERAGED MUSICAL GENIUS**--AND I'VE JUST (CHUCKLE) BEGUN TO PLUMB THE DEPTHS OF HIS **CREATIVE EGO!**

EGO, SHMEGO--THAT BOY CAN WRITE POP MELODY!! WHAT A BEAT!!

WHAT THEY **DON'T** KNOW--IS THAT THE SONG BATHLESS PLAYED CAME FROM AN OLD PLAYER-PIANO ROLL, ON BACKWARDS!

COPY DOWN THE NOTES AS I PLAYS THEM, SUE, HONEY. HAMMERSTEIN'S YAPPIN' FOR ANOTHER ONE O' MY (CHUCKLE) M'ASTERPIECES!

TURN IT ON "SLOW," POP--IF YOU WANT ME TO CATCH EVERY NOTE!

THERE GOES ANOTHER MELODY--PLAYED BACKWARDS!!

GROOVY, AIN'T IT? LISTEN T' THEM ELEPHANT TEETH CHATTER!

THE NEXT DAY

ANOTHER ORIGINAL COMPOSITION FROM GROGGINS. THIS (GASP) MAN IS **INEXHAUSTIBLE!** HE TURNS OUT TUNES LIKE AN ASSEMBLY LINE! I WONDER WHAT THIS ONE'S LIKE?

IT'S (CHOKE) LIKE **GERSHWIN** AT HIS **BEST!**

WITH A **FAINT** SUGGESTION OF **COLE PORTER!**

IRVING BERLIN'LL BE **GREEN** WITH ENVY WHEN HE HEARS THIS LATEST GROGGINS HIT!!

THERE'S SOMETHING FAINTLY REMINISCENT ABOUT IT--BUT I JUST CAN'T PUT MY FINGER ON IT!

ALL SONGS ARE FAINTLY REMINISCENT OF OTHER SONGS. IT TAKES A VOLCANIC ERUPTION OF SHEER CREATIVE ENERGY TO ACHIEVE **SOMETHING NEW IN SOUNDS**--AND GROGGINS **HAS** THAT ENERGY!

1-15

WHAT'S POP DOING?

HE'S ACHIEVING **SOMETHING NEW IN SOUNDS**--DOESN'T WANT TO BE DISTURBED!
